

YVHS Post Reunion #2

Classmates!

January 2020

Happy New Year! We hope that your holidays were great and events in your households are winding down. This is another two-part email, so be sure you read everything!

Part #1

The reunion/celebration video is just about ready!!!! Just a couple more tweaks and it will be ready to burn – onto a DVD that is! We are taking orders now and expect them to be ready to mail within the next two weeks! So, don't delay! Check out the short trailer of the [video](https://youtu.be/RUzrDfN3YXo) (<https://youtu.be/RUzrDfN3YXo>) to remind you of the great time we all had, and for those that didn't come, a reminder of what you missed! We hope you have not lost your enthusiasm for the event in October and that by purchasing the video, it will bring back fond memories of our epic celebration! For those that were unable to be present, please join in the fun by purchasing the video to see and hear from your old classmates!

As many of you know, we had a pair of professional videographers onsite at Hawk's Landing to capture the memories for us. We will be charging \$25 for the disc, strictly for, and all-inclusive of videographer costs. We, nor the school, will retain any monies for this video. We will add \$4.50 for shipping & handling. So, a total of \$29.50.

So, if you want to see what Hilary said in her interview; or the presentation to our special guest Marilyn Steely; or to recall and reminisce over the last 50 years, please order!

How do you order? There is a [link to the order form](#). It will be handled in the same manner that we collected money for the reunion tickets. You fill it out, and then you will receive an invoice from Square for the price of the video plus shipping. Please watch your spam file and check your email frequently so as not to miss this. You can go to the [website](#) and order from there. If we do not receive your payment, we cannot send out the video. When shipping begins, we will post that on the FB site and via another email blast. We are just days away from having it ready to go!

Part #2

We have received a little over 50 completed questionnaires regarding a possible upcoming get together in '21. We really need more of you to fill this out to make a proper assessment for going forward. If you have not already, please [go here](#) and give us your opinions! Even if you did not go to the event in October, we would also like you to please fill this out. We do not want to leave anyone behind!

Let's do this YVHS-ers! Keep that Trojan spirit alive! Get your orders in and fill out the questionnaire as soon as you can.

Your Reunion Committee

PS: We are still in discussion with MUSD as to where your generous donation will help the most. We think that it will go towards the new football field in some way. We will keep you posted.

On a sad note, we just lost another classmate. Eddie Stice. He will forever be remembered.
